Dear Graduates

I am pleased to join with family and friends in offering congratulations on your graduation from Campbell Collegiate.

Your accomplishment will bring you tremendous pride, and I hope, a strong sense of responsibility to share your knowledge and skills to improve our community and make the world a better place. Your passion and talents are gifts only you can share; never underestimate the difference you can make.

High school graduation is the first step on the road through adulthood. As Ernest Hemingway wrote, "It is good to have an end to journey towards, but it is the journey that matters." I wish you a journey filled with hope, love, success and laughter.

Sincerely,

A handwritten signature in cursive script that reads "Tina".
